Work On Sewage System Progressing

Several large operations which are keeping the town officials on the go are the construction of the sewer system, which was started last year, and disposal plant, laying of a new water main from the pump house to the town limits and down Broadway, a new pump house and filtration plant. Ditch banks along main street are being leveled by the town's bulldozer and all the large trees are being removed. The street will be boulevarded which will add greatly to the appearance of the street.

Work is progressing rapidly on the disposal plant and foundations are in and concrete is now being put in for the tanks. All necessary machinery and pipe are on hand to complete both the sewer and water projects which is hoped will be finished this year. Wet weather has held up work on the sewer mains in the town but there is still much other work to be done.

Karl Wilde Appointed Manager

At a meeting in the Opera House, Wednesday evening a new Stampede Committee was organized.

Due to reasons of ill health and various other reasons the old Stampede Committee felt it impossible to carry on this year with a sample and thus the Lions Club undertook to sponsor the Raymond Stampede this year with the help and co-operation of the former committee.

Various other organizations of the town were present at the meeting

and pledged their support to the Lion in sponsoring Raymond's 46th annual Stampede and Race Meet.

A Manager, Secretary and a board of Directors was set up at this meeting with the following Lions appointed:

Stampede Manager—Karl W. Wilde Stampede Sec.—Jack L. Evans. Board of Directors—Melvin T. King, Rulon H. Dahl, J. Golden, J. J. Kenna, Matt. Ralph and J. W. Jensen.

This group of men will work together as a body in organizing committees for the various events of the project and will appoint their committee chairmen immediately.

Complete plans were not made, pending a short delay in some business arrangements, but it will be known this week if a one or two day show will be held and what special attractions are forthcoming.

The money derived from the sponsoring of the stampede will go back into the community through the many service projects of the Lions organization.

All possible effort is being expended by the Lions in maintaining the standard of our stampede and keeping our reputation as "Raymond, The Home of the Stampede."

This project will require the whole hearted co-operation of the community and a willingness on their part to serve in their every capacity.

This is a new project to the Lions and the time is short, but with the co-operation of veteran stampedeers in Raymond, this year will be bigger and better than ever.

The manager, Karl Wilde, is hard at work gathering up the reins, and is contacting Clarke Lund, whom they hope to have as Arena Director again this year. Clarke is very popular among the cowboys and is said to be acting as assistant Arena Director at the Calgary Stampede this year.

Publicity is being drawn up and full plans will be available to the public immediately.

So again, for the 46th consecutive year the motto is: "On to the Raymond Stampede."
